REPORT OF THE FIRE CHIEF

My greatest concern again this year is the trouble at the Town Dump. It is set on fire constantly by persons not authorized to do so - regardless of weather conditions. I realize many of the fires are set by outsiders looking for salvage material - but if any one seeing a person set a fire would take his registration number and immediately report it to either the Police or Fire Department it might slow down this undesirable practice.

We had three serious fires this year but as a whole, most of them were not of a serious nature.

I feel sorry that some of our young men, who should be helping our department prevent fires, seem to enjoy causing hard work on the part of our firemen and expense to our Town by setting road, brush and sign fires on Hallowe'en and the Fourth of July. May they soon grow up.

As usual our Carnival was a financial success due to many helping hands.

We regret the death of two of our firemen the past year - that of Sylvester Sanborn on January 16th. and Allen Copp on December 1st.

Following is a list of fires occurring in 1962

Feb. 9	Dwelling	Frank Brusso
Feb. 22	Flooded oil burner	Everett Spaulding
Mar. 17	Chimney Fire	Fred Wallace
Apr. 12	Town Dump	Set
Apr. 19	Grass Fire	Mr. Steele
Apr. 21	Woods Fire	Fremont-Raymond Line

May 11	Saw Mill & Box Shop	Edward Gagnon
May 12	Saw Mill & Box Shop (Soaked down)	Edward Gagnon
May 13	Saw Mill & Box Shop (Soaked down)	Edward Gagnon
May 13	Town Dump	Set
May 13	Town Dump	Set
July 4	Woods Fire	French's Hill - Set

FOREST FIRE WARDEN

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2,200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control - pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

In submitting my first report I shall, of necessity be brief. Instead of making unqualified recommendations, I prefer to make one or two observations.

The citizens of Fremont ought to take great pride in having provided for their children such a pleasant facility as Ellis School. The school is staffed with experienced teachers and is suitably equipped with up-to-date textbooks and teaching materials. The building adequately accomodates the present enrollment; however, in view of the rapid growth in school population in surroundig areas, Fremont should be preparing to cope with such an eventuality.

I want to thank your capable school principal and your conscientious school board for the help and consideration which have made my first few months enjoyable ones, and I sincerely hope that, as time goes by, I may be of greater help to you and to them.

FRANCIS C. WILSON

Superintendent of School

SCHOOL NURSE'S REPORT

To the Superintendent, School Board Members,
and Citizens of Fremont:

The 1962 school year brought increases in the school enrollment which of course brings increasing work and responsibilities in the areas of service which the nurse covers.

We are fortunate to have a principal and teachers who are interested in the whole child. They recognize that individual health is paramount in importance in developing each child to perform at his emotional, physical and educational peak. Consequently, health is taught in the classrooms at each grade level. Besides this, a physical educational program is being carried on which is a credit to all concerned. Most youngsters become very enthusiastic about the daily exercises, especially as they see their physical prowess developing.

The quality of the hot lunch program is excellent. This includes the meals served as well as the integration of the program into the total learning of the children.

Child health conferences were held in Epping in the spring with immunization shots and vaccinations made available free of charge. Fremont parents were invited to take their preschool children to these clinics and several took advantage.

Attendance at the Sabin polio clinics held in June, July, and September met the expectations of the County Medical Society.

Very little is being done at the state level for emotional problems. When these arise locally, our only recourse is to private treatment, the cost of which is prohibitive.

At this writing, your PTA is investigating the possibility of having a dental clinic, using state matching funds. This will be a worthwhile project, and it is to be hoped that arrangements can be made for it.

It is a pleasure to work with the children of Fremont.

Respectfully submitted,

CONSTANCE J. HUSS, R.N.
